

Helping Households Save Money

December 2020

Bank of Ireland's Corporate Banking, Technology, Media & Telecoms (TMT) team based in London has supported MoneySupermarket.com Group Plc with a £40m commitment in their Amended and Restated £90m senior unsecured Revolving Credit facility.

MoneySupermarket is a leading provider of consumer price comparison services in the UK covering Insurance, Energy, Consumer finance and Travel. The business was established in 1993 as a mortgage listing company, expanding their products in 2004 and listed on the London Stock Exchange since 2007. They are well known for their market leading brands: MoneySupermarket, MoneysavingExpert, TravelSupermarket and Decision Tech. Through these online platforms, MoneySupermarket provides information to consumers on a wide range of products, enabling comparison between price bands: saving households £2bn in 2019.

Commenting on the transaction Mark Birkenshaw, Director, Bank of Ireland said: "We are absolutely delighted to welcome MoneySupermarket as a new client and to play a prominent role in their debt facility, including adoption of the Facility Agent role. We have patiently followed the company for some time, awaiting an opportunity to arise, and now very much look forward to strengthening our relationship with management and the company in the future".

Scilla Grimble, CFO of MoneySupermarket, stated, "We would like to thank Mark and the team for being so responsive and supportive - we are very pleased that Bank of Ireland has joined our facility and look forward to working with them as we continue to grow our business".
