

Corporate Banking UK Review

Enabling our clients to thrive in 2022

Bank of Ireland's Corporate Banking UK team based in London and Manchester look forward to enabling our customers to thrive in 2022. Record levels of both "new to bank" transactions and increased facilities for existing customers were achieved in 2021, driven by our ambitious clients and buoyant markets in the chosen sectors we support. We are delighted that momentum has remained strong into the first few weeks of this year and look forward to supporting our current and future clients throughout the year ahead.
